Foreword.....	9
Preface .....	11
Welcome – Opening speech.....	13
<b>1. Anke M., Müller M., Arnhold W., Gleis M., Illing-Günther Heike, Drobner Cordula, Seifert M., Röhrig B.</b> - Problems of the trace and ultra trace element supply of humans in Europe (Jena, Germany).....	15
<b>2. Haiduc I.</b> - Metals in medicine: past, present, future (Cluj-Napoca, Romania).....	35
<b>3. Smetana R., Yang P., Glogar D., Steurer G.</b> - Coronary artery disease, angina pectoris, acute myocardial infarction - the clinical importance of magnesium as a pharmacological agent (Vienna, Austria).....	43
<b>4. Taylor A.</b> - Consequences of exposure to elemental and inorganic mercury (Guildford, England).....	49
<b>5. Pais I., Daood H., Pálfalvi A., Jancsó B., Fekete S.</b> - The physiological importance of titanium (Budapest, Hungary) .....	57
<b>6. Grzebisz W., Chudzinski B.</b> - Crop aided biological remediation of soils contaminated by copper smelter activity (Poznan, Poland) .....	63
<b>7. Ghergariu S.</b> - The aluminium: an inert, essential or toxic trace element ? (Cluj-Napoca, Romania) .....	73
<b>8. Rietz B., Heydorn K., Krarup-Hansen A.</b> - The determination of platinum in tissue of different human organs by means of neutron activation analysis (Roskilde, Denmark) .....	83
<b>9. Drăgan P., Gârban Z.</b> - Purine urolithiasis: particularities of the etiopathogeny and composition of uroconcrements (Timișoara, Romania) .....	89
<b>10. Gârban Z.</b> - Interaction of deoxyribonucleic acid with divalent metal ions and structural peculiarities of the resulted complexes (Timișoara, Romania) .....	99
<b>11. Alexa Lucia, Gavăț Viorica, Neamțu G., Vroniuc Otilia, Albu A., Alexa I.D.</b> - Mineralization of drinking water in two districts of Moldavia (Iași, Romania) .....	109
<b>12. Benga Gh.</b> - Effects of Hg on the water permeability of red blood cell membranes (Cluj-Napoca, Romania).....	117

<b>13. Bobkova Svetlana, Lisi L., Turta C., Rotari Iu., Stratulat S.</b> - Correlation between concentration of 2,3-diphosphoglycerat affinity of hemoglobin to oxygen and ferroproteins structure by extremal mechanical trauma action (Chişinău, Moldova) .....	121
<b>14. Butnaru Gallia</b> - Aluminium and Drosophila melanogaster life cycle (Timișoara, Romania) .....	125
<b>15. Contrea A., Contrea Elena, Trapcea I.</b> - Polyphosphate glasses of polymetals in plant culture (Timișoara, Romania) .....	129
<b>16. Csikkel-Szolnoki Anna, Kiss A.S.</b> - Calcium, magnesium and aluminium contents in lentil seeds (Szeged, Hungary) .....	135
<b>17. Daranyi Gabriela, Drăgan P., Sigărtău Gr., Avacovici Adina, Sarafolean S.</b> - Research on urolithiasis composition by infrared spectroscopy, thermal analysis and atomic absorption spectroscopy (Timișoara, Romania) .....	139
<b>18. Daranyi Gabriela, Vincu Mirela, Petroman I., Aumuller Corina, Deacu Ana, Lalescu M., Gârban Z.</b> - Aspects of food toxicology in humans concerning metals in meat and organs (Timișoara, Romania) .....	145
<b>19. Davidescu C.M., Popa A., Trif R.</b> - Antibacterial activity of some quaternary phosphonium salts grafted on insoluble macromolecular supports against staphylococcus aureus (Timișoara, Romania) .....	151
<b>20. Diaconu Rodica, Voroniuc Otilia, Navrotescu Tinca, Iorga I., Rusu Lidia</b> - Aluminium in drinking water - a possible risk factor for population health (Iași, Romania) .....	157
<b>21. Dogaru C., Riviș I., Precob V.</b> - Hypomagnesemia and heart complications in diabetes mellitus (Timișoara, Romania) .....	161
<b>22. Doroftei Sorina, Szöny B., Iacobiciu I.</b> - Toxic substances from the atmosphere of a town with nonferrous metallurgical industry and the relation with specific morbidity (Timișoara, Romania) .....	167
<b>23. Drăgan P., Gârban Z., Daranyi Gabriela, Bucuraș V., Botoca M., Minciu M., Urzică A., Patroi-Popescu Delia, Ehling Șt.</b> - Investigations on the composition and etiopathogeny of lithiasis. XXVII. Status of blood and urinary metallogram in relationship with ESWL treatment in urolithiasis (Timișoara, Romania) .....	173
<b>24. Djujić Ivana, Djujić B.M.</b> - Radionuclides of uranium series in food of Serbia (Beograd, Yugoslavia) .....	179

- 25. Dumitru M., Răuță C., Toti M., Gamenț Eugenia, Căpitanu I., Iliescu Maria** - Heavy metals pollution caused by non-ferrous metallurgy within Copșa Mică area (Bucharest, Romania)..... 189
- 26. Gaj Renata, Grzebisz W., Diatta J.B.** - Phytotoxicity effect of cadmium and zinc on plants in early stages of growth (Poznan, Poland)..... 197
- 27. Găvruță Maria, Tecu C., Drăgănescu O., Szentesi Elisabeta** - Contributions to the research of manganic parkinsonism in professionally exposed workers (Timișoara, Romania)..... 205
- 28. Gârban Z., Nicola Tr., Daranyi Gabriela, Avacovici Adina, Manu Rodica** - Interaction between deoxyribonucleic acid and cisplatin in vitro and in vivo (Timișoara, Romania) ..... 209
- 29. Gergen I., Pârvu D., Gogoasă I., Ursulescu Georgeta, Ungureanu Adina, Ursulescu M.** - The spectral features modification of some hydroalcoholic extracts of medicine plants in the presence of metallic ions (Timișoara, Romania)..... 215
- 30. Gleis M., Anke M., Röhrig B., Lehman U.** - Magnesium supply of adults (Jena, Germany) ..... 219
- 31. Grzebisz W., Blochowiak A., Potarzycki J., Diatta J.B.** - Initial evaluation of the state of urban soil contaminated by heavy metals on the basis of the city Poznan (Poznan, Poland) ..... 225
- 32. Halpern M.J., Llobet S., Monteiro C., Laires M.J.** - An indirect method to access red blood cell magnesium (Monte da Caparica, Portugal)..... 231
- 33. Holban Șt., Gârban Z., Drăgan P., Holban Nina, Fântână N., Peter Fr., Găzdoi Șt., Urzică A., Sarafolean S.** - Methodological principles in the computerized evaluation of the infrared spectra of some urolithiasis and metal composition of uroconcrements (Timișoara, Romania)..... 237
- 34. Holzinger Sylvia, Trüpschuch Annette, Rother Claudia, Anke M.** - The effects of the tar exposure of a living area on the molybdenum transfer in the food chains of humans (Jena, Germany)..... 243
- 35. Ionescu I., Preoteasa E.A.** - Fatty acid peroxydation in relation to trace elements in serum of patients with homozygous sickle cell anaemia and  $\beta$ -thalassemia (Vâlvele, Romania)..... 251
- 36. Jozanov-Stankov Olga, Djujic Ivana, Demajo M., Prijovic Z., Mandic M.** - Influence of selenium intake on lipid peroxidation (Beograd, Yugoslavia) ..... 257

- 37. Julean I., Rotărescu Alina** - The test of reproducibility-determination used for analytical results evaluation for metallic compounds and other substances (Timișoara, Romania)..... 263
- 38. Kiss A.S., Galbács Z., Galbács G.** - Effect of toxic elements and reduced deuterium content water on the germination of maize (Szeged, Hungary)..... 269
- 39. Lăcătușu R., Răuță C., Avram N., Medrea N., Cârstea S., Lungu Mihaela, Kovacsovics Beatrice, Serdaru Maria** - Cadmium in soil-plant-animal system, in the Copșa Mică polluted area (Bucharest, Romania)..... 275
- 40. Lăzurean R., Gergen I., Avacovici Adina, Vincu Mirela** - Effects of molybdenum compounds treatments on the development of some vegetables (Timișoara, Romania)..... 281
- 41. Maciejewska Alina** - Effect of organo-mineral fertilizers obtained from brown coal on absorption of Zn, Pb, Cd by various types of plants (Warsaw, Poland) ..... 287
- 42. Mederle Claudia, Schneider F., Maties Rosana** - Endogenous antioxidant systems evaluation at ovalbumin sensitized rats (Timișoara, Romania) ..... 293
- 43. Milovac M., Markovic B., Djujic Ivana** - Lead and cadmium in the middle Banat soils (Beograd, Yugoslavia) ..... 297
- 44. Modoran D., Avacovici Adina, Roth P., Găzdoiu St.** - Distribution of bioactive elements in the soil and vegetation of town Bistrița – industrial zone (Timișoara, Romania) ..... 303
- 45. Neagoe Aurora, Richter D., Anke Sabine, Schmidt P., Machelett B., Anke M.** - The effects of the tar exposure of a living area on the manganese transfer from soil to plants and humans (Jena, Germany) ..... 309
- 46. Nechifor M.** - Zinc - involvements in pathology and pharmacotherapy (Iași, Romania) ..... 315
- 47. Nechifor M., Filip Cristiana, Teslariu Elena, Costuleanu M., Dănilă G., Negru Adriana** - The influence of zinc acexamate (ZnACx) and of lithium carbonate (LiCa) on Cl<sub>4</sub>C intoxication in rat (Iași, Romania)..... 323
- 48. Nichita Georgeta, Pop P., Ciulan V., Colibar Olimpia, Curtui V. G., Matiuți M.** - Incidence of soft bones syndrome depending on the calcium, phosphorus and magnesium level in broiler chickens feed (Timișoara, Romania)..... 329
- 49. Papadopol Victoria, Palamaru Iliana, Popa Elena** - Assesment of zinc level in different age groups from general population (Iași, Romania) ..... 333

<b>50. Pop I.V.</b> - The role of selenium in reproduction (Cluj-Napoca, Romania).....	339
<b>51. Shtefirtsa Anastasia, Chernat V., Bouchachaya S., Turta C., Shofransky V., Bulgak I.</b> - Method of increasing thermophyle plants resistance at cold (Chişinău, Moldova) .....	343
<b>52. Shtefirtsa Anastasia, Chernat V., Vrabie V., Bulgak I., Shofransky V., Jovmir T., Turta C.</b> - "Tripheden" a new effector of physiological processes associated with plant productivity (Chişinău, Moldova).....	347
<b>53. Ştefănuţ Mariana, Csunderlik C., Novac A., Peter F., Cojocariu L.</b> - Elimination of noxious heavy metals from aqueous effluents by the liquid membrane technique (Timişoara, Romania) .....	351
<b>54. Voroniuc Otilia, Neamţu G., Alexa Lucia, Gavăt Viorica, Tvigun C.</b> - Levels of aluminium intake from cooking ustensils and its content in foods (Iaşi, Romania).....	359
<b>55. Brad I., Iordache Ioana, Selejan Maria</b> - Microelements and other substances variation of content in the fruits of Hyppophaea Rhamnoides depending on the harvest moment. Phytotherapeutical implications (Bacău, Romania).....	365
<b>56. Brad I., Eminovici Angela</b> - The utilization of some redox enzymes from plants for the determination and purification of pollutants from dye industry (phenols, poliphenols, aminophenols, aromatic amines) - Colorom Codlea (Bacău, Romania) .....	366
<b>57. Chudzinski B., Baluk A.</b> - Concentration heavy metals in dairy milk in the area of emissions from the "Glogów" copper smelter (Poznan, Poland).....	367
<b>58. Dămăceanu Doina, Papadopol Victoria</b> - The role of some trace elements (Fe, Zn, Cu) in pregnancy (Iaşi, Romania).....	368
<b>59. Dumitru Elisabeta, Dumitru M., Enache Roxana, Motelică M., Vâjâială M., Ion Irina</b> - Effects of household waste compost rates on reddish brown soil (physical and chemical properties) and crop yield (Bucharest, Romania).....	369
<b>60. Eniu D.</b> - The motivation of using the lanthanides (oligoelements) under nonintricated shape in cellular dietetics (Cluj-Napoca, Romania).....	370
<b>61. Hassanien A. M., Horváth Amanda, Vágvölgyi G., Mudry Katalin</b> - Environmental pollution in a heavy traffic related area in Hungary (Budapest, Hungary).....	371

<b>62. Jaritz M., Richter D., Arnold W., Gunstheimer Uta, Anke M.</b> - The effect of the tar exposure of a living area on the barium transfer in the food chain of humans (Jena, Germany) .....	372
<b>63. Măruțoiu C., Cenan Alexandrina, Sigartău Gr.</b> - Separation and identification of some cations from Samus River (Cluj-Napoca, Romania) .....	373
<b>64. Miladinovic D., Djujic Ivana, Stankovic S., Randelovic N.</b> - Fe, Zn, Mn and Se in some plants from Serbia (Belgrade, Yugoslavia) .....	374
<b>65. Miu N., Marti L., Eniu D.</b> - The role of the selenium in human physiology and pathology (essay) (Cluj-Napoca, Romania) .....	375
<b>66. Miu N., Marti L., Eniu D.</b> - Zinc deficiency syndrome at child (Cluj-Napoca, Romania) .....	376
<b>67. Miu N., Marti L., Eniu D.</b> - "Status" in zinc evaluation at child (Cluj-Napoca, Romania) .....	377
<b>68. Mocanu Hortensia, Illing-Günther H., Arnhold W., Richter D., Anke M.</b> - The effect of the tar exposure of a living area on the vanadium transfer in the food chain of humans (Jena, Germany) .....	378
<b>69. Munteanu I., Vintilă D., Dota Corina</b> - Noxious effects of heavy metals in human reproduction in Copșa Mică area (Timișoara, Romania) .....	379
<b>70. Oancea Anca, Moldovan Lucia, Caloianu Maria, Oprea Mariana, Palicica R.</b> - Obtaining and biological investigation on a collagen-Ca <sup>2+</sup> -Mg <sup>2+</sup> complex (Bucharest, Romania) .....	380
<b>71. Rengle Adriana, Ilis Lucia, Liebmann Aneta</b> - Heavy metals in some environmental factors from Timis county (Timișoara, Romania) .....	381
<b>72. Rocsin A.M.</b> - Studies on Mg and Ca equilibrium changes by administering macro and micro elements complexing with Mg and Ca hydrocarbonate oxyc compounds. A new experimental fast model on hens (Tîrgu Mureș, Romania) .....	382
<b>73. Șerban M., Ionescu Emanuela</b> - Amylopectin (AP) derivatives with applications in the metal chelate affinity chromatography (Bucharest, Romania) .....	383
<b>74. Tan Jian'an, Wang Wuyi, Zhu Wenyu, Li Ribang, Hou Shaoran</b> - Selenium in geo-ecosystem and its influence on human health (Beijing, China) .....	384
List of participants .....	385
